

Yes.

Who says it's genocide?

- B'Tselem (Israeli human rights org)
- Amnesty International
- Human Rights Watch
- UN Special Rapporteurs
- International Court of Justice (plausible)
- Avi Shlaim, historian
- Omer Bartov, Holocaust scholar
- + many **many** others

(read their reports)

Can I do anything?

Yes.

You can:

- Speak out
- Call Congress
- Boycott and divest
- Show visible solidarity
- Have difficult conversations
- Protest, organize, wear it on your chest
- **Annoy** your politicians until they **act**

It's not okay that we're doing this. **And we can stop it.**

A copy of this zine, and other stuff and more to do

WAIT... ARE WE DOING A GENOCIDE

IN GAZA?

What is genocide?

According to the Genocide Convention, genocide includes **any** of the following acts committed with intent to destroy, in **whole or in part**, a national, ethnical, racial, or religious group:

1. Killing members of the group
2. Causing serious bodily or mental harm
3. Inflicting conditions of life calculated to destroy
4. Imposing measures to prevent births
5. Forcibly transferring children

Even just one of these, with implicit or explicit intent, is genocide.

But are we doing it?

Yes. This isn't something we're allowing. It's something **we are actively doing**.

- \$3.8 billion/year in military aid since 2019
- An additional 14 billion was given between Oct 2023 and Oct 2024
- U.S. bombs, drones, surveillance used in strikes
- Political cover: UN vetoes, blocked ceasefires
- Media narrative management

Without U.S. support, it would not be possible.

Okay, but what's the evidence?

- 60,000+ dead, most women and children*
- At least 17,400 **children** killed
- Over 50,000 children injured
- 70%+ of homes destroyed
- 90%+ of population displaced
- 100% facing starvation (UN)
- All universities in Gaza destroyed
- 0 functioning hospitals in Northern Gaza
- Targeting of mosques, churches, hospitals, infrastructure
- Aid is being blocked
- Journalists and **aid workers** have been targeted and killed

*Considered to be massively undercounted due to a loss of medical structure in Gaza

Maybe it's an accident?

Intent, historically, is hard to prove. Usually, we hide our intent. This time is striking for its honesty.

- "You must remember what Amalek has done to you, says our Holy Bible. And we do remember" — Prime Minister Netanyahu
- "There are no innocents in Gaza." — Nissim Vaturi
- "We are fighting human animals." — Defense Minister Yoav Gallant
- "The children brought it on themselves." — Meirav Ben-Ari, Israeli member of the Knesset
- "Human animals must be treated as such," he said, adding: "There will be no electricity and no water. There will only be destruction. You wanted hell, you will get hell." - Maj. Gen. Ghassan Alian
- "Without hunger and thirst among the Gazan population, we will not be able to recruit collaborators, we will not be able to recruit intelligence, we will not be able to bribe people with food, drink, medicine in order to obtain intelligence" - MK Tali Gottlieb
- And many, many more
