

Yes.

Who says it's genocide?

- B'Tselem (Israeli human rights org)
- Amnesty International
- Human Rights Watch
- UN Special Rapporteurs
- International Court of Justice (plausible)
- Avi Shlaim, historian
- Omer Bartov, Holocaust scholar
- + many **many** others

(read their reports)

Can I do anything?

Yes.

You can:

- Speak out
- Call Congress
- Boycott and divest
- Show visible solidarity
- Protest, organize, wear it
- Have difficult conversations
- **Annoy** your politicians until they act

It's not okay that we're doing this. **And we can stop it.**

A copy of this zine, and other stuff and more to do

WAIT... ARE WE DOING A GENOCIDE IN GAZA?

What is genocide?

The 1948 Genocide Convention was established by the UN in response to the horrors of the Nazi holocaust. It defines genocide to include any of the following acts committed with intent to destroy, in **whole or in part**, a national, ethnical, racial, or religious group:

1. Killing members of the group
2. Causing serious bodily or mental harm
3. Inflicting conditions of life calculated to destroy
4. Imposing measures to prevent births
5. Forcibly transferring children

But are we doing it?

Yes. This isn't something we're allowing. It's something **we are actively doing.**

- \$3.8 billion/year in military aid since 2019
- An additional 14 billion was given between Oct 2023 and Oct 2024
- U.S. bombs, drones, surveillance used in strikes
- Political cover: UN vetoes, blocked ceasefires
- US Senate voted on July 30, 2025 to **keep arming Israel** with assault rifles (27-70) and targeted bombs (24-73)

Without U.S. support, it would not be possible.

Okay, but what's the evidence?

- 60,000+ dead, most women and children*
 - At least 17,400 **children** killed
 - Over 50,000 children injured
- 70%+ of homes destroyed
- 90%+ of population displaced
- 100% facing starvation (UN)
- All universities in Gaza destroyed
- 0 functioning hospitals in Northern Gaza
- Targeting of mosques, churches, hospitals, infrastructure
- Aid is being blocked
- Journalists and **aid workers** have been targeted and killed

*Considered to be massively undercounted due to a loss of medical structure in Gaza

Maybe it's an accident?

Intent, historically, is hard to prove. Usually, we hide our intent. This time is striking for its honesty. The following quotes are all from after October 7, 2023:

- "You must remember what **Amalek** has done to you, says our Holy Bible." — Prime Minister Netanyahu
- "There are **no innocents in Gaza.**" — Nissim Vaturi
- "We are fighting human animals." — Defense Minister Yoav Gallant
- "The **children brought it on themselves.**" — Meirav Ben-Ari, Israeli member of the Knesset
- "Human **animals** must be treated as such... There will be no electricity and **no water.** There will only be destruction. You wanted hell, **you will get hell.**" - Maj. Gen. Ghassan Alian
- "Without hunger and thirst among the Gazan population, we will not be able to recruit collaborators, we will not be able to recruit intelligence, we will not be able to **bribe people with food, drink, medicine** in order to obtain intelligence" - MK Tali Gottlieb
